PYCON^(NL) 2026

Why sponsor PyCon NL?

2026 marks the third edition of PyCon NL. Last year we welcomed 300 attendees, and our focus on quality keeps growing. The big news this year: PyCon NL is run officially by and for the community, through the newly established Stichting PyNetherlands. At the Jaarbeurs in Utrecht, we look forward to welcome more Python enthusiasts.

The reason for sponsoring PyCon NL is to help the community grow, sponsors are what makes this conference possible. By having sponsors, we can keep our prices low. Therefore, this conference can be accessible to everyone interested.
